Ganoco, Inc. dba American Dial Ton is a non-facilities based reseller of local telephone service.

Responsibility:

Ganoco, Inc. protects the confidentiality of proprietary information of customers, other telecommunications carriers, equipment manufacturers, and telecommunications carriers reselling services provided by a telecommunications carrier.

Use of CPNI:

Ganoco, Inc. limits the use or disclosure of CPNI to the telecommunications Service from which such information is derived, and services necessary to providing service to the customer, such as publishing directories, with the approval of the customer. CPNI is also used to initiate, render, bill and collect for telecommunications services to the customer. Additionally to provide inbound marketing, referral, or administrative service to the customer, if the call was initiated by the customer. Ganoco Inc. and its affiliates may also use the customer CPNI without notice or approval to market services within the package of services which the customer already subscribes.

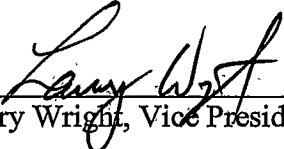

~~Ganoco, Inc. is limited to utilizing CPNI only to the extent that the customer has subscribed, and only by its affiliates to the extent the customer has subscribed.~~

Ganoco, Inc. obtains customer approval before using, disclosing, or permitting access to a customer CPNI and this remains in effect until the customer revokes or limits such approval or disapproval.

In the event that Ganoco, Inc. discloses or provides access to CPNI to its joint venture partners or independent contractors, they shall be required to enter into a confidentiality agreement, disallowing them to using, allowing access to, or disclosing CPNI to any other party, unless required to make such disclosures under force of law.

Ganoco, Inc. has in place a system in which the customers approval can be clearly demonstrated prior to the use of CPNI.

I Larry Wright, Vice President of Ganoco, Inc. dba American Dial Tone based on my personal knowledge certify that Ganoco, Inc. has established operating procedures that ensure compliance with the rules to protect the privacy of customer proprietary network information.

Larry Wright, Vice President
